Authorization for this examiner's amendment was given in a telephone interview with Kenneth J. Smith on September 29, 2010.

The application has been amended as follows:

In claim 64, line 5 of the claim, before "packing that surrounds", insert --single piece--.

In claim 64, line 8 of the claim, after "from the ball", insert as a new paragraph, --a lower end of said single piece packing seals directly against said lower cylindrical trunnion;--.

In claim 78, line 16 of the claim, after "0.7 to 0.9;", insert as a new paragraph, --a lower end of said single piece packing seals directly against said lower cylindrical trunnion;--.

In claim 96, line 5 of the claim, before "packing that surrounds", insert --single piece--.

In claim 96, line 8 of the claim, after "of said packing", insert as a new paragraph, --said lower end of said single piece packing seals directly against said lower cylindrical trunnion;--.

Reasons for Allowance

2. Claims 63-64, 78, and 94-106 are allowed.
3. The following is an examiner's statement of reasons for allowance: The primary reason for the allowance of the claims is a valve having the combination of a ball valve having upper and lower cylindrical trunnions with a single piece packing that surrounds the ball valve with both the lower trunnion extending past the lowermost end of the packing and the lower end of the packing sealing directly against the lower cylindrical trunnion.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
